

# Right Way Wrong Way PE Home Learning

Can you play fairly and encourage each other?

## Time to Learn:

- Layout objects; teddy bears, cones or toys across the space making sure they are all upside down.
- On 'go' how long does it take to turn all the objects the right way up?
- What could you do to get quicker and beat your time?
- Play against an opponent. Who can turn all the objects around the quickest?

Playing on your own, how quickly can you turn all the objects over?

### Play for three minutes.

The player with the most objects up the right way wins.

### Play with a partner!

Take turns to turn your objects the right way!

## Top Tips

On your toes!

- Moving on the balls of your feet, and bending your knees will help you move quicker to each object!

## Let's Reflect

Why do you need to be on the balls of your feet to move quick?

Did you have a plan for the order you would turn the objects over?
